

2019 Summer Enrichment Classes

\$20 per class

Session 1: June 10-13

1:30 Classes

- **Become a Movie Director**-We will explore video editing using our phones and iPads, learn how to use a green screen to add backgrounds to our videos, and examine different editing apps such as iMovie and Movie Maker. Students may bring their own device or use one issued by the school. *Taught by Jackie Hammonds*
- **Summer Science Spectacular**- Imagine, invent, and inspire! Let's discover science through hands-on activities and experiments. Come explore chemistry, physics, and Earth science. Enjoy action packed days that will include building your own marble roller coasters, volcanoes, balloon rockets, and much much more! *Taught by Nicole Taylor*
- **Painting**-Let's paint the town! Get ready to wow everybody that you know by taking our super fun painting class! We are going to be looking at some famous painters and the different painting styles they used, and we will create some beautiful pieces of our own. We will be using acrylic paint to create an impressive masterpiece on your very own canvas! *Taught by Cara Nelson*
- **Baton Twirling**-Have you ever watched the Majorettes with the band twirl their batons and wished you could do it too? Well, here's your chance. Come learn the basic skills of baton twirling. It is a fun and enjoyable activity that most people do not know how to do...plus you are getting some exercise in the process. *Taught by Bethani Knight*

2:30 Classes

- **Photography**-Strike a pose! Join us for a fun-filled photography class! We will learn how to take stunning pictures, explore the best places to take photos, edit our photography like a professional photographer, and we will even create a picture frame to display your favorite images at home! *Taught by Cara Nelson*
- **Summer Rhythm**-Let's dance to the beat of summer! This will be a hip-hop jazz style class that girls and boys will both enjoy! We will do stretches, warm up workouts, and learn a complete dance. It's time to get dancing and have some fun! *Taught by Nicole Taylor*
- **Chess**-If you have ever wanted to learn a challenging game, now is your chance. Come to beginning chess class and learn how to play a game that many do not know how to play. We will learn the piece names, where they go on the chessboard, and how the pieces move. We will also be able to play. *Taught by Bethani Knight*

Session 2: June 17-20

1:30 Classes

- **Become a Movie Director**-We will explore video editing using our phones and iPads, learn how to use a green screen to add backgrounds to our videos, and examine different editing apps such as iMovie and Movie Maker. Students may bring their own device or use one issued by the school. *Taught by Jackie Hammonds*
- **Scrapbooking**-Come bring your pictures, stickers, and anything else you want to help you create memories. We will spend our time by adding bling, stickers, sayings, or drawings to our pictures. At the end of the class you may bring a scrapbook to class to put your pictures in. *Taught by Bethani Knight*
- **Photography**-Strike a pose! Join us for a fun-filled photography class! We will learn how to take stunning pictures, explore the best places to take photos, edit our photography like a professional photographer, and we will even create a picture frame to display your favorite images at home! *Taught by Cara Nelson*
